

## **Using ADOBE PHOTOSHOP Workshop Lesson Plan**

**Hardware requirements:** Internet-connected 20 computers (Mac or PC), Display device, Printer (to print the handouts)

**Software requirements:** Internet Browser (Internet Explorer on PC, Firefox on Mac or PC or Safari on Mac), Adobe Photoshop CS4 or CS5 software, QuickTime Player and Windows Media Player plug-ins installed to view the videos online.

**Audience:** Educators (K-12), teacher educators, and college instructors.

### **CURRICULAR INTEGRATION:**

After completing of this workshop, instructors will have completed the following standards:

1. Demonstrate introductory knowledge, skills, and understanding of concepts related to technology  
(as described in the ISTE National Education Technology Standards for Teachers booklet).
2. Demonstrate continual growth in technology knowledge and skills. Stay abreast of current and emerging technologies. ( HYPERLINK "<http://www.iste.org/store/product.aspx?ID=480>" <http://www.iste.org/store/product.aspx?ID=480>)

### **PREREQUISITES:**

The followings are what will the audience need to know before the lesson:

1. Basic computer operating systems (Macintosh, Windows or both Operating Systems).
2. Working knowledge of Macintosh Operating System and Windows Operating System.

### **OBJECTIVES:**

After completing of this workshop, workshop participants will be able to;

1. Create and save a simple Photoshop image.
2. Edit, cut, crop, manipulate and save the created images via Photoshop software.
3. They will also learn about the Photoshop toolbar, menus and the panels on the Photoshop software.

### **LESSON/PRESENTATION DESCRIPTION (TIME SCHEDULE):**

After completing of this workshop, instructors will have completed the following standards:

Handouts distributed and the lesson briefly explained. (10 min.)

Present the lesson via display device and explain the "Adobe Photoshop for Educators" web site. (30 min.)

I will let the instructors search the web to find relevant images to create a manipulated image using Adobe Photoshop. (20 min.)

Complete the hands-on activity (created a manipulated image using Adobe Photoshop). (10 min.)

Take home assessment explained. (5 min.)

Questions and Answers. (5 min.)

### **ASSESSMENT**

Audience will take online quiz that is included in the website. Online quiz will have a score that

will let them know how well they know about Adobe Photoshop.

Audience will show their work done for others to see and make suggestions.
