Teachers (K-12), teacher educators, and various college instructors.

**Curricular Integration**

*Photoshop for Educators Workshop Course Objective:*

Instructors will be working on the assignments in order to complete the *Workshop.*

(Assessments = 2 online quizzes and create a file in Photoshop, workshop class practices and activities)

*NETS for Teachers (ISTE):*

**1.** Facilitate and Inspire Student Learning and Creativity. Teachers use their knowledge of subject matter,

teaching and learning, and technology to facilitate experiences that advance student learning, creativity, and

innovation in both face-to-face and virtual environments.

**3 d.** Model and facilitate effective use of current and emerging digital tools to locate, analyze, evaluate,

and use information resources to support research and learning.

**Prerequisites**

Web access

Downloading files and documents from email and web

Basic familiarity and working knowledge of Mac OSX or PC Windows interfaces

**Objectives**

After completing of this workshop, workshop participants will be able to;

1. Create and save a simple Photoshop image.

2. Edit, cut, crop, manipulate and save the created images via Photoshop software.

3. They will also learn about the Photoshop toolbar, menus and the panels on the Photoshop software.

## Lesson/Presentation/Lecture Description

After completing of this workshop, instructors will have completed the following standards:

Handouts distributed and the lesson briefly explained. (10 min.)

Present the lesson via display device and explain the "Adobe Photoshop for Educators" web site. (30 min.)

I will let the instructors search the web to find relevant images to create a manipulated image using Adobe Photoshop.
  (20 min.)

Complete the hands-on activity (created a manipulated image using Adobe Photoshop). (10 min.)

Take home assessment explained. (5 min.)
  Questions and Answers. (5 min.)

## Assessments

Audience will take online quiz that is included in the website.

Online quiz will have a score that will let them know how well they know about Adobe Photoshop.

Audience will show their work to others and make critiques or suggestions.
